Sunshine looking over my head
Where do I go? What do I know?
Moonlight breathing down my neck
Whispers let's go, baby, let's go

It was a lonely day 'till you arrived
And the came up to shine my eyes
Now everyone keeps asking me
Why am I so happy and I'll say
That I love you and all the things you do to me
I'm suddenly finding my own sanity
And I owe it all to you

Flash back, then I start to flash back
Where did I go? Why don't I know
Too bad it's looking at the days when I had thought I
had it all
Now I'll only go to places
Where I can't remember faces

And I'll say that I love you and all the things you do to
me
I'm suddenly living my own fantasy
And I owe it all to you

(random words(I think))

It was a long time, a long time ago
I can't believe its going on
It was a long time ago, a long time ago
I can't believe its going on, its going on

Sunshine looking over my head
Where do I go? What do I know?
Moonlight breathing down my neck
It whispers let's go, baby, let's go

It was a lonely day till you arrived
And the sun came up to light my eyes
Now everybody's asking me
Why am I so happy and I'll say
That I love you and all the things you do to me

And I'm suddenly living my own fantasy

And I I owe it all to you

And I owe it all to you

Owe it all owe it all to you

I owe it all to you
