Iâ€™m fine
Itâ€™s 45 after 9
Looking up sideways
I canâ€™t wait for you to make your move

Youâ€™re mine
At least you are tonight
But I've been getting so frustrated hanging on the line

What are you waiting for?
I couldnâ€™t want you more right now
Iâ€™ve never felt so unsure
All signs point in your direction
Start it now, lets get this perfection rolling

And Iâ€™m great
I hope itâ€™s not too late
Weâ€™ve been weaving out and in all night, wasting time
So do you feel like I do or do you just feel like you?

What are you waiting for?
I couldnâ€™t want you more right now
Iâ€™ve never felt so unsure
All signs point in your direction
Start it now, lets get this perfection rolling

And in my mind I know itâ€™s fine,
I know it's time to make it right
But you donâ€™t seem to see the signs
So I guess the only thing is to put it all on me

What are you waiting for?
I couldnâ€™t want you more right now
Iâ€™ve never felt so unsure
Cause all signs point in another direction
All my affection was for rejection
Iâ€™m rolling to you
