When you come home
Will you be a changed man
Delete all those numbers from your phone
Come back and be with all your true friends
You wont have to go through this alone

Time to fix this
We've broken every rule
And we've got work to do
To get us back on top
We wont give up
We're gonna get through this
And be where we left off
When I looked at you
And saw my best friend

Now when you see me
Will it be through new eyes (clear up all those faded memories)
Think back and bring up all the old ones
And take turns telling every story

Time to fix this
We've broken every rule
And we've got work to do
To get us back on top
We wont give up
We're gonna get through this
And be where we left off
When I looked at you
And saw my best friend

Can I tell you how it feels to be alive

Got the message on the phone
Telling me to come back home for you

Can I tell you how it feels to be alive
Can you tell me what your plan is to survive

Time to fix this

We've broken every rule
And we've got work to do
To get us back on top
We won't give up
We're gonna get through this
And be where we left off
When I looked at you
And saw my best friend
