She holds  
She holds

I will forget  
I'll remember  
I will trade my thoughts  
For the last kill  
I work well this way  
Under pressure  
Not enough to break  
Not enough to break

And as I left my answers into all I find

Whoa you broke me for the last time  
All your actions will left me blind  
Whoa you broke me for the last time  
Take one breath before the time I'll die

I rest on fire  
Just to prove to you  
That I'm okay from the last burn  
I will sell my soul  
We're surrounded  
Not enough to break  
Not enough to break

And as I left my answers into all I find

Whoa you broke me for the last time  
All your actions will left me blind  
Whoa you broke me for the last time  
Take one breath before the time I'll die

Ask me now and the answers why  
Bleeding all I am to in my lies  
My lies

Whoa you broke me for the last time  
All your actions will left me blind  
Whoa you broke me for the last time

Take one breath before the time I'll die

She holds

Whoa you broke me for the last time

She holds

Whoa you broke me for the last time

She holds

Whoa you broke me for the last time

She holds

Whoa you broke me for the last time
