you gotta speed it up
and then you gotta slow it down
cos if you believe that a love can hit the top
you gotta play around
and soon you will find that there comes a time for
making ur mind up
you gotta turn it up
and then you gotta cool it down
you gotta be sure that its something everybodys gonna
talk about
before you decide the times right for making ur mind
up

dont let your indecision take you from behind
trust your inner vision
dont let others change your mind

and now you really gotta burn it up
and make another fly by night
getta run for your money
and take a chance
and it will turn out right
and when you see how its gotta be
your making your mind up!

and try to look as if you dont care less
but if you wanna see some more
then the rules of the game

will let you find the one your looking for
and then you can show you think you know
that your making your mind up

dont let your indecision take you from behind
trust your inner vision
dont let others change your mind

and now you really gotta speed it up
and then you gotta slow it down
cos if you believe that a love can hit the top
you gotta play around
and soon you will find that there comes a time for

making ur mind up

and now you really gotta speed it up
and then you gotta slow it down
cos if you believe that a love can hit the top
you gotta play around
and soon you will find that there comes a time for
making ur mind up

for making your mind up

for making your mind up

for making your mind up
