I've been checking you up
I've been tracking you down
Funny all the things that I've found
Was it any surprise, didn't you realise, I must
Apologise
(It doesn't matter any more) to you
('Cos everything you tell me is boring)
Nothings gonna throw me now
(It doesn't matter what I say) to you
'Cos you've got that look in your eyes
The camera never lies

My camera never lies
So I'll put you in the picture and cut it down to size
(My camera oh oh)
My camera never lies anymore
'Cos there's nothing worth lying for
(My camera never lies)
There's nothing worth lying for
(My camera never lies)
My camera never lies anymore

Try to cover the trail, try to head for the line
Wonder why you're wasting your time
With another disguise 'cos there's no compromise
When the negative is dry
(It doesn't matter what I do) for you
('Cos every time you take me I'm sleeping)

You're never gonna shake me now
(It doesn't matter how I try) for you
(I can see by the look in your eyes)
(The camera never lies)

My camera never lies
So I'll put you in the picture and cut it down to size
(My camera oh oh)
My camera never lies anymore

'Cos there's nothing worth lying for
(My camera never lies)
There's nothing worth lying for
(My camera never lies)
My camera never lies anymore

(Ah click click, ah click click)
My camera, my camera, my camera never lies
Lies oh, oh, oh, oh
My camera never lies anymore
'Cos there's nothing worth lying for

My camera never lies
So I'll put you in the picture and cut it down to size
(My camera oh oh)
My camera never lies anymore 'cos there's nothing
worth
Lying
Nothing worth lying, nothing worth lying for

My camera never lies anymore (My camera never lies)
