I tend to laugh just a little too loud
The song of mine usually comes out of mouth
I've never been one to blend with the crowd
But I'm okay with that
I lose my keys and I'm constantly late
I'm comfortable a couple pounds overweight
I'm gunna eat when I'm out on a date
Cause that's just who I am

I'm gunna live my life out loud
Sing the truth let it lay right out there
For the whole wide world to see
Then you're going to love me
Then you're going to love me for me

I learned to dance with my two left feet
I'm best friends with whoever I meet
It might hurt, I wear my heart on my sleeve
But I will take that chance, yah
One day I might just change the world
I'm gunna do it being just a girl
Who's gunna say things you can't ignore
Cause I love and I believe

I'm gunna live my life out loud
Sing the truth let it lay right out there
For the whole wide world to see
Then you're going to love me
Then you're going to love me for me, yah

Ohh, I'm living my life day by day
And I'm threw basing it off of what other s say
It's right

I'm gunna live (Live my life out loud)
I'm gunna live (Live my life out loud)

I'm gunna live my life out loud
Sing the truth let it lay right out there
For the whole wide world to see
Then you're going to love me
Then you're going to love me for me, yah
