Thanks to Char Star for these lyrics.  
Roberta Flack featuring Donny Hathaway

An angel whispered to me when I woke this morning  
That I would find heaven by my side  
And there were you angel, heaven in the morning  
Playing in my arms and in my life

And I reached this decision, I love you my religion  
That is in my soul and in my heart  
No one could ever change my mind, oh, no  
Cause I got you here right by my side

You are my love (You are my love)  
You are my heaven  
You are my love  
Make me sing la di da

You are my love (You are my love)  
You are my heaven  
Darling, I, oh  
I wont let them take you away  
(Wont let them take you away)

If angels whispered to you early every morning  
Its really something wonderful and rare  
I get up in the morning feeling that forever  
I have all your love and all your care

If someone tries to tells that I do not love you  
Tell them they must be out of their mind  
I aint gonna let them change my mind, oh, no  
Cause I got you here right by my side

You are my love (You are my love)  
You are my heaven  
You are my love  
Make me sing la di da

You are my love (You are my love)  
You are my heaven

Darling, I, oh  
I wont let them take  
Darling, I, oh  
I wont let them take  
Darling, I, oh  
I wont let them take you away  
(Wont let them take you away)

You are my love (You are my love)  
You are my heaven  
You are my love  
Make me sing la di da

You are my love (You are my love)  
You are my heaven  
Darling, I, oh  
I wont let them take you away  
(Wont let them take)

You are my love (You are my love)  
You are my heaven  
You are my love  
Make me sing la di da

You are my love (You are my love)  
You are my heaven  
Darling, I, oh  
I wont let them take you away  
I wont let them take you

You are my love (You are my love)  
You are my heaven  
You are my love (You are my love)  
Make me sing la di da

You are my love (You are my love)  
You are my heaven  
Oh...oh...oh...
