Abbi where did you go?  
we're only left with the lies that you told,  
and all the trust that you broke.  
you came into our lives just to mess with our minds.  
abbi, what where you thinking?  
with all the mess that you made.  
last i heard you were living in spain, with your mother.  
whatever happneed to phone calls?, what's with this  
silent treatment?  
abbi, abbi where did you go?

seems the decency never came .naturally to you.  
abbi where did you go?  
it all started so well enough,  
charmed,  
disguised all of your hidden issues.  
all the mistakes you made  
and all of your problems with drug use.  
it must be a shame for you  
that those days when we used to love you are so gone.

abbi where did you go?

seems an honest life isn't something you've ever  
known.

doo doo doo doo doo doo dooooo.

abbi where did you go?  
we're only left with the lies that you told.  
and all the trust that you broke.  
you came into our lives just to mess with our minds.  
abbi, what where you thinking?  
or were you even thinking at all?  
abbi, what where you thinking?  
or were you even thinking at all?  
abbi, what where you thinking?  
or were you even thinking at all?  
abbi, what where you thinking?  
or were you even thinking at all?  
abbi, what where you thinking?  
or were you even thinking at all?

doo doo doo doo doo doo dooooo.

abbi where did you go?

doo doo doo doo doo doo doo dooooo.

abbi where did you go?

we're only left with the lies that you told.

and all the trust that you broke.

abbi where did you go?
