I've only had 5 cans  
I've got one more in my hand  
And if i drink it really quick  
I'll look like more of a man  
I've had fuck all to eat  
And now I'm slurring my speach  
Try and down me some vodka  
But its like swallowing bleach  
I've promised myself  
That I'd go steasy this week  
But with the week I've just had  
This shit is just what I need  
I've been practically saintly  
All this work I've done lately  
Think its high time  
For me to go and get wasted

Absolutely, Utterly, Completely Fucked  
And I can't see a thing  
Absolutely wankered, I feel fucking great

Get Me another drink.  
Absolutely, Utterly, Completely Fucked  
And I can't see a thing,  
Absolutely wankered

I've only had 9 cans  
And now I can't feel my hands,  
Getting past the point  
Where I can comfortably  
Stand up straight.  
I feel great, but I'm looking a state,  
And i'm getting the impression,  
That I've hiot on my mate,  
I'm getting me a repuation,  
Someone stop me please  
Before I make a scene,  
I've been practically saintly,  
All this work I've done lately,  
Think its high time,  
For me to go and get wasted.

Absolutely...
