I'm quite aware that smoking kills,  
But this nicotine addiction,  
Is helping me deal with any stress I'm feeling,  
If I get live failure before I'm 30,  
Then I've had a good time,  
So I guess it's worth it,

I don't need to pop no pills,  
The music's where I get my thrills,  
When I shake, I shake it like I should,  
'Cause baby I rave good.

I ain't got no rules 'cause I'm crazy cool,  
And I dance like I dance 'cause I got the tools,  
Got no rules 'Cause I'm crazy cool,  
And I dance like I dance 'Cause I got the tools.

I ain't got no rules 'cause I'm crazy cool,

And I dance like I dance 'cause I got the tools,  
I'm a crazy fool,  
And I do what I do 'cause I like it.

Take some time to breathe,  
Pick it up, move your body 'til you're senseless,  
When we move, we move relentless,  
We do, we do.

I don't need to pop no pills,  
The music's where I get my thrills,  
When I shake, I shake it like I should,  
'Cause baby I rave good.

I ain't got no rules 'cause I'm crazy cool,  
And I dance like I dance 'cause I got the tools,  
I'm a crazy fool,  
And I do what I do 'cause I like it.
