### "Evil Will Prevail"

With Loving hands and their arms are stretched so  
wide they can't  
Seem to take a breath knowing evil will prevail, and a  
million people  
Seems  
Like a lot, and a million people can't be wrong...

With loving smiles, and their mouths are stretched so  
wide they can't  
Even  
Take a breath, knowing evil will prevail, and the magic  
bullet is the  
Glowing mother ship, and the mother zaps you dead...

With loving hands knowing evil will prevail  
Knowing evil will prevail  
Knowing that evil will prevail  
Knowing evil will prevail  
Knowing that evil will always win...
