[HOOK]

Say Â– Say Â– Say

Hold on, He's strong

Hold on, cause our God is a warrior

Hold on, He's strong

Hold on, cause our God is a beast

Hold on, He's strong

Hold on, just look at your neighbor say

Hold on, He's strong

Hold on, cause our God is a beast

[VERSE]

This walk it ain't easy

Matter of fact it gets hard

You've enlisted for war

The battleground is your heart

It's going to be some stress and strain

And discomfort and involved

But my advice to you homie is to make your resolve

To fight for your joy

In God's keeping grace

So at the end you can say like Paul that I've kept the  
Faith

You see the way is hard

Cause narrow is the gate

And those who find it are few

I'm praying you complete the race

But yet his yoke is easy

And His burdens are light

But that's the fight for us to rest and find in Him delight

You see our self reliance and self exaltation

Is still pacing in our souls as we battle with Satan

You see it's unbelief that spring from our sinful pride

That straight denies that what God supplies can really  
satisfy

But God is working for us even though we hate the  
struggle  
In decisions make the one's that strengthen your Faith  
muscle

[HOOK]

Hold on, He's strong  
Hold on, cause our God is a warrior  
Hold on, He's strong  
Hold on, cause our God is a beast  
Hold on, He's strong  
Hold on, look at your neighbor say  
Hold on, He's strong  
Hold on, cause our God is a beast

[VERSE]

I been crucified with Christ so it's no longer I who live  
But it'sÂ... Christ who's living inside your boy  
Now my whole life's defined by dying  
To the praise of my God as I fight for joy  
It's getting bloody as I pluck out eyes  
Matthew 5:29 flat our war (on the flesh)  
To set my mind on the flesh is death  
Gotta keep my mind set on the Spirit of course  
Plus Satan came to kill and destroy (and steal)  
Steal sheep from being the children of God (Amen)  
Let my relationship run real deep (oh Lord)  
How deep? All the way to the core  
We're in this process  
Of making progress  
Sanctification is taking place in our mindset  
Cause we were united with Christ when He resurrected  
Now we can reflect with the power of God

[HOOK]

Hold on, He's strong  
Hold on, cause our God is a warrior  
Hold on, He's strong  
Hold on, cause our God is a beast  
Hold on, He's strong  
Hold on, look at your neighbor say  
Hold on, He's strong  
Hold on, cause our God is a beast

[VERSE]

You see this new life  
It comes with new rules  
You're a new born baby  
You're fresh out of the womb  
The Holy Spirit of God has given you new birth  
Now your Father's the Trinity you're apart of the church

And all the church is Â– is the body of Christ  
Jesus is the head of this organism giving it life  
You see it's one body, but yet it's many members  
Nothing but plenty sinners  
Given His grace then He cleanse us  
Man we need each other  
The hand can't say to the feet  
That I don't need you if I despise my eyes then I can't  
see  
So if one member suffers we suffer across the globe  
So if my nose is broken then we'll dysfunction-ally grow  
So we must kill all individual talk  
We're all necessary visible invisible parts  
So being in isolation only leads to more of sin  
Don't hurt the covenant like the cutting of foreskin

[HOOK]

Hold on, He's strong  
Hold on, cause our God is a warrior  
Hold on, He's strong  
Hold on, cause our God is a beast  
Hold on, He's strong  
Hold on, look at your neighbor say  
Hold on, He's strong  
Hold on, cause our God is a beast

Don't you ever give up! (Repeat)
