I know that everything changes  
Yeah, it's strange how time marches on  
Well, maybe there'll be some time in the future  
Oh, tell me  
(I'm not wrong)  
Tell me I'm not wrong

Oh, if I could stop time  
It would be a frozen moment just around Christmas  
When all of mankind reveals its truest potential  
And there is sympathy for the suffering  
And there is sympathy for those who are suffering

And the world embraces peace and love and mercy  
Instead of power and fear and as sure as I'm standing  
here  
I swear it really does appear that a change comes over  
us  
Yes, some kind of change comes over us

And it's glimpsed, it's glimpsed it for one shining  
moment  
And this change, well, feels like a change that's real  
But then it passes along with the season  
And then we, we just go back to the way we were  
Yeah, we go back to the way we were

And say it isn't so  
(Say it isn't so)  
Tell me I'm not just a dreamer  
(I'm not just a dreamer)  
Tell me 'cause I'm talking with a friend  
And he knows how it ends

He says it's easier, he says that  
That's just the way we are  
That it's human nature  
And that's just the way we are

Say it isn't so  
Say it isn't so  
Say it isn't so
