All the lazy summer days  
We'd sit and look for rainbows in the sky  
Trying to be like Zimmerman  
But ended up in Ziggy's band, we tried  
It's time to leave it all behind us  
It's time to leave it all behind

This is what it's come to  
Think it's time to leave it all behind

Imagine all the people sang  
A Lennon song, everybody crying  
All the lonely people who are lost  
Because they never said goodbye  
It's time to leave it all behind us  
It's to leave it all behind

Love is all you need  
Everybody's heard the Beatles song  
But I'd rather listen to the Rolling Stones  
Anyday  
Love is all we need  
But love will make you bleed  
Anyway

This is what it's come to  
Think it's time to leave it all

It's time to leave it all behind us  
It's time to leave us all behind

Love is all we need  
Everybody's heard the Beatles song  
But I'd rather listen to the Rolling Stones  
Anyday  
Love is all we need  
But love will make you bleed  
Love is not for me

Love is all we need  
Love is all we need

Love is all we need  
But love will make you bleed  
'Cause love is not for me  
For me
