Verse 1:

I got a loss of appetite, I'm so tired, I can't sleep,
Can't dream wake up every night
Chills runnin down my spine, my fever is so high,
The thought of you and I got the
Boy you don't know what it's like, it looks like,
It feels like, acts like, taking on a life
It all started in my mind, It spread to my insides,
It's taking over my body

Chorus:

I got the heat, see the red in my cheeks,
It's suffocating me, got the hot hot heat
She got the heat from her head to her feet,
She tried to shake it, shake it, shake it
She just can't beat the
Here comes the heat like a fire in me,
Burning up through my blood, got the hot hot heat
He got the heat and he put it on me,
Like a spell from the devil, now I just can't beat the heat

Verse 2:

See the fire in my eyes, but don't stare
Don't look too long or boy you might catch fire
Say you don't mind if it eats you alive,
If it pokes out your eyes, you come close, you playing
with fire
See the changes in your touch it's a rush,
The passion in your blood bubbling up
Ooooooh a crush can't touch this lust boy

Chorus:

I got the heat, see the red in my cheeks,
It's suffocating me, got the hot hot heat
She got the heat from her head to her feet,
She tried to shake it, shake it, shake it

She just can't beat the
Here comes the heat like a fire in me,
Burning up through my blood, got the hot hot heat
He got the heat and he put it on me,
Like a spell from the devil, now I just can't beat the heat

Bridge:

Burning, I'm burning up (Burning up, burning up, can't beat the heat)

Burning, I'm burning up (Burning up, burning up for your love I'm)

Burning, I'm burning up (Here comes the heat)

Burning, I'm burning up (Burning up, burning up for your love I'm)

Verse 3:

I think it's something in the air, it's out there,

She got it, he got it, you got it, I got it bad

Got me walking in circles, seeing in purple, saying ha ha ha ha ha oh

Got me spinning in a spell I'm not well, I'm at home listening to Nina Simone

Boy you're so contagious how much more can I take of this,

Taking over my body

Chorus:

I got the heat, see the red in my cheeks,

It's suffocating me, got the hot hot heat

She got the heat from her head to her feet,

She tried to shake it, shake it, shake it

She just can't beat the

Here comes the heat like a fire in me,

Burning up through my blood, got the hot hot heat

He got the heat and he put it on me,

Like a spell from the devil, now I just can't beat the heat
