

## Flaming Lips "Brainville"

Visit "[Brainville](#)" on MotoLyrics.com

I've heard about a place  
Where they enlarge your space  
Take pity on the small ones  
Don't cost you very much  
They seem to know their stuff  
Take pity on the small ones

And I wanna go to Brainville, let's get in  
And overcome my inexperience  
I wanna go to Brainville, let's get in  
And be the first one on the block that does

They say it's the one thing  
Everyone should have  
I know it must look bad  
Don't I know I need the help  
They'd take me I can tell  
Four fingers and a toenail

And I wanna go to Brainville, let's get in  
And overcome my inexperience  
And I wanna go to Brainville, let's get in  
And be the first on the block that does  
Da da da da  
Da da da da
