Boy, you play so loud that you could wake the dead  
And some of the living, they're wakin' too  
When I look outside and these worlds collide  
And sends shit flyin' everywhere

And everything's explodin', everything's explodin'  
(Everything's explodin', everything)  
And these cars are crashin' and everybody's happy  
(Everything is)  
Everything's explodin', everything's explodin'  
(Everything's explodin', everything)  
And these cars are crashin', yeah  
(Everything is)

When I look in my mirror and my brains are fallin'  
Out of my head  
Well, there's nothing wrong, it's just the way I feel  
And if you don't like it, write your own song

'Cause everything's explodin', everything's explodin'  
(Everything's explodin', everything)  
And these cars are crashin' and everybody's happy  
(Everything is)  
Everything's explodin', everything's explodin'  
(Everything's explodin', everything)  
And these cars are crashin', yeah  
(Everything is)

Everything's explodin', everything's explodin',  
everything  
Everything's explodin', everything's explodin',  
everything  
Everything's explodin', everything's explodin',  
everything  
(Everything's explodin', everything's explodin',  
everything)  
Everything's explodin', everything's explodin',  
everything  
(Everything's explodin', everything's explodin',  
everything)

Everything's explodin', everything's explodin'

(Everything's explodin', everything)  
And these cars are crashin' and everybody's happy  
(Everything is)  
Everything's explodin', everything's explodin'  
(Everything's explodin', everything)  
And these cars are crashin', yeah  
(Everything is)

Everything's explodin', everything's explodin'  
(Everything's explodin', everything)  
And these cars are crashin' and everybody's happy  
(Everything is)  
(Everything's explodin', everything)  
Everything's explodin'  
And these cars are crashin', oh yeah, yeah  
(Everything is)

Everything's explodin', everything's explodin'  
(Everything's explodin', everything)  
And these cars are crashin', yeah
