She said I can be a frog
I can be a bat
I can be a bear
Or I can be a cat

She said I can be a lion
I can be a guillemont
I can be a warrior Indian
I can be a helicopter

She said I can be a wolf
I can be a finch
I can be a jaguar
Or a locust on the bridge

She said I can be a monkey
I can be a tiger
I can be a tornado
Knocking down your wires

Well, it seems like she can be anything
Any kind of creature she wants to be
Oh, it seems like she can be anything

Any kind of frog
Any kind of bear
Any kind of monkey
She wants to be
