Let me be it  
Show me how you climb the stairs  
Let me be it

Let me see it  
Show me how you climb the stairs  
Let me see it  
Show me how you climb and

Let me be your conscience, knowing  
Let me be your conscience, knowing  
Let me be your conscience, knowing  
Let me be your conscience, knowing

Let me be your tidal wave  
That flows around you like a million  
Drops of summer ray  
That flows around you like a million tears

Let me be it  
Show me how you climb the stairs  
Let me see it  
Show me how you climb and

Let me be your conscience, knowing  
Let me be your conscience, knowing  
Let me be your conscience, knowing  
Let me be your conscience, knowing

Let me be your tidal wave  
That flows around you like a million  
Drops of summer ray  
That flows around you like a million tears

Let me be your conscience, knowing  
Let me be your conscience, knowing  
Let me be your conscience, knowing  
Let me be your conscience, knowing

Let me be your tidal wave  
That flows around you like a million  
Drops of summer ray

That flows around you like a million tears

Let me be your ray  
Let me be the sky above you  
Let me be your ray  
Let me be the sky above you

Let me be your ray  
Let me be the sky above you  
Let me be your ray  
Let me hold the sky up while you try
