You don't know what you're becoming  
Who knows what you're gonna be  
We don't know where we're going  
We don't know 'cause we can't see

If I could tell your future  
I'd say love the world you find  
In the dark times and the hard questions  
Let some sunshine in your mind

Sun is rising, and I think that's good  
You're just now realizing  
Some things you never thought you would

Sun is rising, and I think that's good  
You're just now realizing  
Some things you never thought you would
