Sympathy 3000-21 - Unit three thousand twenty one is
warning Makes a humming sound When its circuits
duplicate emotions And a sense of coldness detaches
As it tries to comfort your sadness One more robot
learns to be Something more than a machine When it
tries the way it does Makes it seem like it can love
Cause it's hard to say what's real When you know the
way you feel Is it wrong to think it's love When it tries
the way it does Feeling a synthetic kind of love
Dreaming a sympathetic wish As the lights blink faster
and brighter One more robot learns to be Something
more than a machine When it tries the way it does
Makes it seem like it can love Cause it's hard to say
what's real When you know the way you feel Is it wrong
to think it's love When it tries the way it does
