N.T Welcome By  
N.T. Welcome by

And there it's welcome by  
And it sees me cry  
do you see girl ?

Soon there is emptyness in everything you seem to  
know  
I'm in outerspace  
Soon there is emptyness in everything you seem to  
know  
I'm in outerspace

And there is something  
Something's odd  
Travelling  
Without leaving my place  
Sorry because  
This thing I see is black... black.. black..  
Toy

I'm not your fucking toy, I'm not your fucking toy..  
I'm not your fucking toy motherfucker
