Tear me apart, what do you know?  
The road is long, but Iâ€™m half the way  
Few years ago, I was walking in the snow

And it keeps raining inside of me, yeah

Tear me apart

Another glass, my friend is green  
Just like the time that you slipped away  
Now Iâ€™m afraid I need so much to stay

And it keeps raining inside of me, yeah

Tear me apart

The rain falls is inside of me  
The rain fall, varies so greatly  
The rain fall is inside of me

Tear me apart  
Wanna go, wanna leave  
I can't stay, another day

Need to stop the rain inside of me, inside of me
