We still (repeat 10x)

WE still stand strong (yell)

WE had some bumps in smoe wrong places  
We stand before we hit the ground  
But were still the higher races  
And will never bow before the crowd

(Chorus)

We still stand strong (all)  
With or without you (Nick)  
We still stand strong (all)  
We'll never fall, never fall, never fall, to you!

Flank's Army...

Flank's Army

--

United we stand, divided we still never fall  
Once your in you can be easily left out  
You have to prove your trust to us all  
Though we sometimes scream and shout

(Chorus)

We'll never stay in place  
Keeping grudges that last  
Blood is all that we taste  
Blood from kicking your.. ass  
(Break)  
(Chorus)
