Hurting - Written by Nick Burton (C)Copyright Flank
2003

How come I'll never die?
Stick around and live a lie.
And hopefully wont wake up tomorrow.
I'm full of pain and sorrow.

My day seems to never end.
This blood and skin that blend
To make this nightmare last.
Cut my wrist and make a gash

(*)
Why won't my life end?
This hate that you send.
I'm stuck forever in this body.
I'm cut and i'm all bloody.

-/
How come you think you know me?
You know how it should be
My hearts hurting when it beats.
I'm Crying but that's my blood that leaks.

Why do you think you own me?
You don't know shit about me.
Your annoyance that always bugs me.
I'm dieing without a roof above me.

*

Why do you have to bother me?
Why can't you just let me be?
I'm hurting emotionally.
Your hurting me phsycally.

*
