I realised how close you were to me

And how i liked to spend time with you

I never thought our lives would change
Now i rarely spend any time with you

-bridge-

YOU WERE close to me, AND I was close to you
I HAD my chance to see, HOW IT is without you

(chorus)

-scream-

AND I'M BREAKING
I'M FALLING APART
LISTEN TO ME WHEN I'M SPEAKING

YOU RIPPED MY LIFE APART

TIMES break us away
TIMES rip us away
TIMES make us change
TIMES changes you from me

--

I never thought this was possible
That you could just walk away from me

I never determined how or what
I would do without you

-bridge-

-chorus-

[break]
