Wonder why it's getting cold at night
I must be getting old
Looks like I'm gonna have to wait a while
What the hell, I'm bored
What's that there on the railway line
Looks like my old brown shoe
It ain't mine mister, how's that for laughs
Not even how do you do

Wonder what's cooking at the house tonight
Stew and beans
Tune that station, turn that dial
Have another dream
Ain't it stupid how some people stare
Not even how do you do
What's that mister - na na na
I'm just the same as you

Chorus:
Running down the main line

Shaking off the pain
Heading for a bright time
Waiting for a train

Who's that guy, I've seen his face before
Where or when
Must be another face from Suzie's bar
It was different then
Ain't no way that I can fix this up
I've really lost the place
What's that mister, yeah yeah
I hope they fix you face

1. She says you don't make it
2. She said you don't care
3. She said she's unhappy
4. That you're never there
5. She give you the option
6. You sink or you drown
7. Well what's it to be Jo

(chorus)
