She left today, she ran away,
Please sir won't you find my dog
She's white and black, we want her back,
Please sir won't you find my dog

My furry, my fuzzy
My lady, my baby
My conscience, my Jesus,
My lover, my only friend

She left today, she ran away,
Please sir won't you find my dog
She catches mice, we think she's nice,
Please sir won't you find my dog

My baby, my honey,
My furry, my fuzzy,
My conscience, my Jesus,
My lover, my only friend

Find my dog
