There's no way out of this maze  
I'm living for those days  
I'm trapped in there  
Compelled to play again  
Those scenes when I could still call me man

I do have the power to play twice...

Madness  
Searching deeper and deeper in those memories  
I know all of my answers are here in me...

Knew this game was dangerous but could I ever know  
Memories would come back to me just like an horror  
show  
Someone wake me up and tell me that this isn't true  
This ain't no more what I lived, what I knew

Help this nightmare seems so real  
The picture becomes clear  
A shadow in her eyes  
That's how I realise  
My love was all in vain  
Creation of my brain  
Illusions dug this void  
My world destroyed

Splinters of life hidden deep inside  
Here in my mind they've been all the time  
I've been so blind  
Chasing stars in the sky  
In the end I find  
It was all a giant lie

Hey, there must be some mistake  
Where is my girl my angel?  
This one here is different indeed  
An evil creature with no love for me

I had never seen her be so drastic  
Telling me I am hopeless and tragic  
Always laughing at me

What the hell is this!

Knew this game was dangerous but could I ever know  
Memories would come back to me just like an horror  
show

Someone wake me up and tell me that this isn't true  
This ain't no more what I lived, what I knew

Help this nightmare seems so real  
The picture becomes clear  
A shadow in her eyes  
That's how I realise  
My love was all in vain  
Creation of my brain  
Illusions dug this void  
My world's destroyed 'cause

Now I'm back there once again  
Too late to understand  
A flash runs through my eyes  
That's how I realise  
Theodora's never been  
A monster's all I see  
Illusions dug this void  
My world destroyed.
