Something's got me worried but I don't care
She's got every worry I could need.
Something's got me troubled but I don't care
Trouble's spread as far as I can see

She said "You're kind of cute kid what are you trying to say to me?"
I couldn't deny, that in the end I'll only make you cry.

I've got eagle eyes and yet I don't care.
Her eyes are the only ones I see.
She's got quite the schedule but I don't care
I'll just have to set my schedule free

She said "Hey kid that's enough cause now you're starting to bother me."
I couldn't deny, that in the end I'll only make you cry
In the end I'll only make you cry

She's always got the right time, I've only got the lonely time x 3
She's always got the right time, she's always got the right time

Her friends want to kill me but I don't care
They don't understand her like I do
Cops are asking questions but I don't care
Doing time will prove my love is true.

She said "Hey you psycho get the fucking hell away from me!"
I couldn't deny that in the end I'll only make you cry
In the end I'll only make you cry
In the end I'll only make you cry
In the end I'll only make you cry
