"Who You Are"

I don't need you
Looking at me
Examining closely
What you see

Reaching in slowly
Feeling deep down
If you came to your senses
You'd leave this town

Losing ambition
Calling all shots
If you want me to
I'll teach you to love what you've got

And ooh life keeps pushing
But you keep losing yourself
Before you find out where are
Did you find out who you are?
Because I did

Well maybe you see it
Maybe you don't
You're burning these bridges
I'm giving us hope

Keeping a distance
But calling me friend
You're writing our history
But you're just writing fiction

Staying up too late
Losing your sleep
Your conclusion is
Confusion is all that you need

And ooh life keeps pushing
But you keep losing yourself
Before you find out where are
Did you find out who you are?
Because I did
