Well a hundred years from now I won't be crying  
A hundred years from now I won't be blue  
And my heart will have forgotten that she broke every  
vow  
I won't care a hundred years from now

Oh, it seems like only yesterday you told me  
You couldn't live without my love somehow  
Now that you're with another it breaks my heart  
somehow  
I won't care a hundred years from now

Now do you recall the night sweetheart you promised

Another's kiss you never would allow  
That's all in the past dear it didn't seem to last  
I won't care a hundred years from now
