I remember the times when the devil himself packed a  
bad seed in life for fear

Bonnie and Clyde were the talk of the land everybody  
talked about the Barrow gang

Oh the Barrow gang will get you little man I remember  
my mama would say

Do you listen and wash your hands or the Barrow gang  
will get you little man

[ dobro ]

When I went to school there was one sure way to  
silence the noise of the kids

The teacher would say work your fingers to the bone

Or the Barrow gang will get you if you don't

Oh the Barrow gang will get you...

[ banjo ]

On Sunday morning in the little white church I was  
talked of Bonnie and Clyde

We learned about joy and we learned about the veil

And the Barrow gang will get you if you fail

Oh the Barrow gang will get you...

Or the Barrow gang will get you little man or the Barrow  
gang will get you little man
