I know that I hurt you and I'm confessing
Since you've been gone I'm feeling mighty low
Please let me hear from you and keep me guessing
I need you more than you could ever know
Now I'm to blame I treated you unkind
I broke your heart and now you're breaking mine
I know I done you wrong and I'm confessing
Please take me back and try me one more time
[fiddle - dobro]
How could I ever think I'll love another the way I treated
you it was a crime

You are the only one I love no other please take me
back and try me one more time
Now I'm to blame...
