As we sit at the table our family's heads bowed low  
My thoughts returned to childhood And the finest man I  
know

He didnt speak good english just a simple man  
But when he's talking to the Lord even a little child can  
understand

I was young and restless but the thought still comes to  
me

When I told my dad I felt I was old enough to leave  
He sit there at the table and a look came on his face  
And he never spoke another word til he said the table  
grace

He said our precious Heavenly Father We're all  
gathered here today  
To give Thee thanks for blessings so humbly we pray  
My oldest son is leaving But I'm sure he knows whats  
best  
But just in case would you stand by and help him stand  
the test

Lord he's awful neglectful About church on Sunday  
Morn  
And if he gets with the wrong crowd Would you let him  
hold your arm  
And if he flies too high Would you clip his wings  
But dont let him fall too hard I'm sure Lord you can  
handle things

I've tried my best from day to day To teach him right  
from wrong  
And he's grown to be a fine young man and he's  
always blessed our home  
We pray Thee Lord for guidance That he wont build  
upon the sand  
But we wont worry half as much If we know he's in your  
hands

And oh yes Lord It wont be long til Ill be comin home  
Dont make me wait too long  
We pray Thee Lord for guidance Please clonse us from  
our sins  
So we can all be together in Heaven In Jesus' name  
Amen

The table was silent as tears streamed down my face  
And from that day on I based my life on Father's Table  
Grace....
