Get on the road to glory, where there'll be no stop  
signs.  
Start living now for Jesus, and leave your sins behind.  
Get on that road to heaven, and sing as you go.  
For soon we'll meet our saviour, in the happy land I  
know.

Chorus:

The devil will have crossroads, to tempt us along the  
way  
But stay on the road with Jesus, and He will lead the  
way.  
Take heed to his redlights, and abide by his laws  
For Jesus paid for our sins, when He died upon the  
cross

fillin

Get on that road to glory, and walk along with me  
We'll shout and sing His praises, all through eternity  
We won't have a worry, we'll all be satisfied  
For we will have our saviour, walking by our side

Chorus:

The devil will have crossroads, to tempt us along the  
way  
But stay on the road with Jesus, and He will lead the  
way.  
Take heed to his redlights, and abide by his laws  
For Jesus paid for our sins, when He died upon the  
cross
