At my door the leaves are falling  
Cold wild wind will come  
Sweethearts walk by together  
And I still miss someone

Though I never got over those blue eyes  
I see them everywhere  
I miss those arms that held me  
When all the love was there  
I wonder if she's sorry  
For leaving what we've begun  
There's someone for me somewhere  
And I still miss someone

Though I never got over those blue eyes  
I see them everywhere  
I miss those arms that held me  
When all the love was there  
When all the love was there
