Please don't wake me tonight while I'm sleeping  
For I might have the same dream again  
Let me hold the whole world for just a moment while I  
hold you in my arms once again  
[ dobro ]  
Last night I had a dream about you darlin' happy tears  
filled my eyes as I have you  
When I awoke and realized I was dreaming  
Happy tears that filled my eyes had changed to blue  
Please don't wake me...  
[ dobro ]

I know that's the only way that I can hold you  
I realized that you belong to someone new  
Let me dream and think that you are still mine dear  
For you know that I have always worshipped you  
Please don't wake me...
