Somehow tonight I feel lonely my darling
Somehow tonight I feel blue
Somehow tonight these tears of mine keep falling
Come back sweetheart and be true

I thought you're love was something I could treasure
To brighten my pathway through the years
Now all I can see is darkness in the future
That's why I long to have you near

I never new what loneliness meant darling

Until I watched you walk away
I long to hear you whisper that you love me
I can't forget our happy days
