Long

I've been running away for far too long

Afraid of what

Afraid of what I know is soon to come

I may not be much of an example right now

But I can give you all of my knowledge on how

To get along in this place, right now all I can say

Is that I will do the best that I can

To be a good example of man

And I know one day that you'll understand

You deserve the best that I am

You deserve the best that I am

It's so hard

So hard to think about when I was a child

So angry at life

I blamed the world for such a long, long time

But things happened so quickly some people just go

I needed answers to heal me, I wanted to know

How to get by and now it's my turn to say

That I will do the best that I can

To be a good example of man

And I know one day that you'll understand

You deserve the best that I am

So I gotta do the best that I can

To be a good example of man

And I know one day that you'll understand

You deserve the best that I am, I am, I am

This is all for you

This is all for you

Things won't always go right in this life

There's always changes, we'll make it

That's why I gotta do the best that I can

To be a good example of man

And I know one day that you'll understand
You deserve the best that I am, I am, I am

And I will
'Cause I will
I will
I will do the best that I can
