CRY!

My life is a twist up
Thats right
You can't say that
I never fucking messed up
And to all those who've been great
So I turned to rage
And jumped off the wrong stage
In every area
I'm so sick
To want to live
And just to figure
I said I'm overwhelmed

Maybe Just Tell Myself To Go To Hell

Fed up with
Fed up with my
Fed up with
Fed up with my
Fed up with
Fed up with my
Low life
Fed up with
Fed up with my
Fed up with
Fed up with my
Fed up with
Fed up with my
Low life

United I stand
And divided I fall
Seeing my soul
All nailed to the fucking wall
All tied up in this cage
That's black you got on my bright and complete day
I should end it now
Because I feel it burning itching slowing me down
It's an easy way out

I'm bloated
Can't speak
Can't even shout

Fed up with
Fed up with my
Fed up with
Fed up with my
Fed up with
Fed up with my
Low life
Fed up with
Fed up with my
Fed up with
Fed up with my
Fed up with
Fed up with my
Low life

Aw yeah yeah
It would be much easier not to have to
Wake up
Get up
Stand up
Face the emotions inside
It's not self destruction
With my days
My nights
My whole entire net worth
So why?(Why?)
Can't it all just cease?(Cease)
The negative reflects have to decrease(Decrease)
Even with my future all blank
With this ego and emptiness turned into dead crank
Of nothing is keeping to my mind set up
Is there a way out of this mental bind?(No.)
Aching for help assistance asylum
Breaking the weight against my own mental bylines
And as I find my last words (Last words)
All this life flashes by
Like film in my mind in my head
It hurts but can't cry
It's only sealing the fate
With disappointment and angst

I got to
Go
Through with this

I got to
Go

Through with this

I got to
Go
Through with this

I got to
I must go through with this

And I wait
Longer each day
I still wait
Maybe today
Maybe today
Maybe today

You know I must
You know I must
You know I must
You know I must

I must succeed
Find purpose in life
Pain closed in need
Can't take no more
Can't take it
I must succeed
Find purpose in life
Pain closed in need
Can't take no more
Can't take it

I must succeed any way
I must succeed any way
I must succeed any way
Brought to my knees
Again

Might I suggest?
It's nothing
It's nothing
It's nothing but the facts y'all
