We've been through this before

Compromise  
With me agree right now  
Useless cries  
I'm telling you just how  
Paralyzed  
There is nothing I can do  
I realize  
I liked the other you

You've changed  
Everything about you is strange  
Look at yourself, you've changed  
With the facts in your face  
It's causing conflict

You've changed  
Everything about you is strange  
Look at yourself, you've changed  
With the facts in your face  
It's causing conflict

Hypnotized  
By all your complex games  
Sacrifice  
My own opinions change  
Justify  
Just why to stay with you  
I can't see why?  
Nothing else for me to do

It makes no sense  
Putting ourselves through all this  
At my expense  
Don't I deserve much less?  
It's way past time  
To right the wrong we're in  
The bottom line  
No way that we can win

You've changed

Everything about you is strange  
Look at yourself, you've changed  
With the facts in your face  
It's causing conflict

You've changed  
Everything about you is strange  
Look at yourself, you've changed  
With the facts in your face  
It's causing conflict

You brought on all this mess  
(You brought it all)  
My needs were not addressed  
(All on yourself)  
You caused so much distress  
(You're strange to me)  
This much you must admit

You brought on all this mess  
(You brought it all)  
My needs were not addressed  
(All on yourself)  
You caused so much distress  
(You're strange to me)  
This much you must admit

You've changed  
Everything about you is strange  
Look at yourself, you've changed  
With the facts in your face  
It's causing conflict

You've changed  
Everything about you is strange  
Look at yourself, you've changed  
With the facts in your face  
It's causing conflict

I'm not the one who changed  
I'm not the one who changed
