Written by Jeremy Spencer.

Whoa, treat me sweet mama 'low me one more show  
Treat me sweet mama 'low me one more show  
I swear to the lord I won't do wrong no more

I don't love no woman - if she got easy ways  
I don't love no woman if she got easy ways  
I'm crazy about my little girl she's always been my  
crave

Break:

I woke up this morning, just before the brake of day  
I woke up this morning, just before the brake of day  
I looked at the pillow where my good girl used to lay

I hung my head boys, I - cried just like a child  
I hung my head boys, I - cried just like a child  
I said the way I'm treated, mama, sure ain't satisfied

I've got the blues so bad, little girl - my poor ol' heart is  
sore  
I've got the blues so bad, mama - poor ol' heart is sore  
I just can't rest - mama know where I go
