Goodbye angel
Im going down but Im not going round the bend
Im giving out but Im not giving in

Love turned to hate
Touch turned to pull
What could I do
My cup was full
Goodbye angel

Goodbye angel
Im giving out, but Im not giving in
cause yesterday is not like today my friend

Love turned to hate
Touch turned to pull
What could I do
My cup was full
Goodbye angel

Goodbye angel
(just let it go)
(keeping on pulling)
(just let it go)
Goodbye angel
(keeping on pulling)
(just let it go)
