Written by Peter Green and Adams.

Me and my baby don't do nothing but lay around all
day long
I said me and my baby don't do nothing but lay around
all day long
Yeah when I'm with my baby, lazy poker goin' on

She puts some coal on the fire so I can keep my poker
hot
She puts some coal on the fire so I can keep my poker
hot
Yeah, we stoke around all day long and night time we
stoke around some more

Well now me and my baby don't do nothin' but lay
around the whole day long
I said me and my baby don't do nothin' but lay around
the whole day long
When I'm with my baby, lazy poker goin' on
