Written by Stevie Nicks

When I see him, I feel him  
There's an intensness  
In him, In his eyes  
He wants me to be with him  
He wants me with him now

She just seems to be missing  
How could that happen anyhow

So how can you say  
Well I don't know what love is  
You haven't and you have no time for it  
You feel completely different  
You feel pushed up against the wall  
And then one day it just almost goes away  
You spend lots of time alone and  
Sometimes you spend years  
And you just miss those arms that used to go around  
you

Night after night  
No questions asked and  
Who cares, the cold wind of it all, everytime  
Well it's hard to be civil and it's  
Real hard to be nice  
But you did it my love everytime

So how can you say well I can't see you  
Not now, not tomorrow, not until it's right  
Not until  
None of us is pushed up against the wall  
I don't know, the cold wind doesn't get you anymore

So today she says well I've changed my mind  
That's a womans right they say  
Well I'm frightened and I'm lost and I  
Can't give you up, not now I need you now  
I'm broken-hearted, broke down  
Like a little girl

Well I need you now, well I'm broken hearted  
Well I broke down, like a little girl

(I need you now no questions asked)  
Well I broke down like a little girl  
(I need you now no questions asked)  
I broke down like a little girl  
(Need you now no questions asked)  
Well I broke down like a little girl  
Like a little girl  
(Need you now no questions asked)  
Like a little girl
