Written by Billy Burnette, Dennis Morgan, and Simon Climie.

Push too hard, I'll pack my bags, I'm going  
Ahh, got to learn to let the river flow  
Move too fast, You'll end up never knowing  
What's inside my heart, give it time to grow

I need just a little space  
Then I won't be afraid

When it comes to love, got to treat it special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

In your eyes I see a fire burning  
Never seen it ever burn so bright  
Beneath my feet I feel the earth start turning  
Long enough to take my breath away and I

Need to know, what you feel  
Got to show, it's for real

When it comes to love, got to treat it special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

When it comes to love  
Take It Easy  
Got to learn to take it slow  
When it comes to love  
Keep believin'  
When it comes to love  
Give it time, and just let it grow

I need to know, what you feel  
Got to show, it's for real

When it comes to love, got to treat it special

When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

When it comes to love, got to treat it special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love

When it comes to love, it's special  
When it comes to love, shouldn't be no pressure  
When it comes to love, got to take it easy  
You can't be too careful, when it comes to love  
When it comes to love, it's special
