You don't know what she means, you see  
She's a heart that beats close to me  
Gettin' back to the way I feel  
Her honest word is my only real thing

When she comes to me then I feel fine  
And I'm not afraid but so gratified  
Emerald eyes is a mystery  
She's a heart that beats close to me

Find, emerald eyes in the night  
Gleamin' shiny and bright  
As if covered with silver  
She's still a mystery to me  
The way she sails away slow  
Makes your day to day life easy

Emerald eyes is a mystery  
She's my place of serenity  
Gettin' back to the way I feel  
Her honest word is my only real thing

Only an honest word, maybe a sky report  
Could be a weather bird it was so close to me  
Emerald eyes is a mystery  
Starin' through to the heart of me

Find, emerald eyes in the night  
Gleamin' shiny and bright  
As if covered with silver  
She's still a mystery to me  
The way she sails away slow  
Makes your day to day life easy

Emerald eyes is a mystery  
She's my place of serenity  
Emerald eyes is a mystery  
She's my place of serenity

Emerald eyes is a mystery  
She's my place of serenity  
Emerald eyes is a mystery
