Don't keep me hanging on a string
Tell me what I feel is no big thing
Don't turn away I'm listening
Over and over again

Don't give me visions to explain
There are no doubts I feel the strain
Of all my senses yearning
Over and over again

Every day I see you
Every day I need you
Every way I breathe you
On and on and on and on again
Again

It's not important to wonder why
What is just is
No more to imply
This simple thought repeating
Over and over again

Everyday I see you
Everyday I need you
Every way I breathe you
On and on and on and on again

Imagine all the ways to cope
I close my eyes, that gives me hope
It cures the silence

Everyday I see you
Everyday I need you
Every way I breathe you
On and on and on and on

Everyday I see you
I see you
Everyday I need you
I need you
Every way I breathe you
On and on and on and on

On and on and on and on again
Again
